PIANOS & MELODEONS. G. W. KIBBEE

W HO has been for many years located in Tennessee as a Tuner and Repairer of Pianos, would respectfully call the attention of the musical public to the fact, that he visted New York last year for the purpose of making arrangements with the best Piano Forte makers to sell their Instruments. After spending several weeks in that great me-tropolis, visiting the different manufacturers of note, he came to the conclusion—and who might be judge in this case if a Tuner of treive years is no?—that the Pianos of of Lighte, Newton & Bradbury's should be preferred to all others. He accordingly made an agreement with them, whereby he is enabled to furnish Planos at retail cost in New York, freight and charges added, so that every one who buys of him may know that he is not paying more for his article than he would be charged by the manufacturers themselves if he were to visit them in person. This House is making twenty Pianos per week, a much greater number than is made by any other in the United States, and for purity and volume of tone and fineness of finish, both in-side and out, the proof is that they stand wholly unrival-led. These Pianos were awarded the first premium by the juries of the World's Pair and the Fair of the American nstitute in 1858. Among the many Musicians and Ams-curs who have from time to time examined these Instruteurs who have from time to time examined these Instru-ments, testified to their superiority, and recommended them to their frice is, are Lowall. Mason and Thos Hastisos, of world-wide celebrity, H. C. Time, President of the Philhar-monic Society, N. Y., Theodors \$1.571810, conductor of the Philharmonic Society, N. Y., Geology F. Root, juror in the Fair of the American Institute, in 1858, J. Leatt, U. C. Hill. F. H. Nash, Edward Hows, Jr., &c., &c. Geo. J. Wess, of Boston, the well known and popular Teacher and Company. Teacher and Composer, after examining these Instruments and testifying to their entire superiority, opened a House

This is the first New York Plano Agency ever established timo F Bristow, of New York, the distinguished compos er, Organist and Planist, was authorized by the New York Harmonic Society to select the bad Plano that could be made for their use. He gave the preference to Lighte, Newton & Bradbury's "large scale" over all others Grand's not excepted, and purchased one for the use of the Society.

But Mr. Einzundeems it unnecessary to multiply words to the people of Middle Tennessee. The fact, that he has than it could be to that of any other dealer. As to the price and quality of these Pianos, Mr. Kinner exhibits the price list and description of the Makers, which contains twenty different styles at prices, ranging from \$250 to \$500, at their Ware Kooms, No. 421, Broome Street, New

York. So there can be no deception practiced with reference to price or style of finish, although the Planos are not seen until de ivered, and he is authorized by Meerrs, Lighte, Newton & Bradbury to give warrantees of all their Planos Mr. Krmsss also visited the well known Melodeon Estab-lishment of Carhart, Needham & Co., No. 97, East 28-1 8t., New York, and made an arrangement with them to firmish Melodeons, so that he can sell them at their New York retail prices, freight added. These Instruments have become very popular in the Eastern and North-Western States, and truly deserve the coth c of all those who are

"Charmed by concord of aweet sounds." He has also an arrangement with the firm of Firth, Pond 4 Oo., New York, which enables him to furnish Sheet Music Triesemat No. 1, 2, and 3.
